

PRACTICE TEST - ALTERNATE FORMATS (Learning & Physically Disabled Students)

Copies of practice multiple-choice tests are available in alternate formats to help learning or physically disabled students prepare for the ACT. All Writing Test booklets are large type (18-point) and may be read verbatim to students requiring oral presentation.

Due to a limited supply of the practice tests in the various formats, we ask that you please review the needs of your students with learning or physical disabilities and place an order for the version(s) appropriate for your students.

Upon receiving these special version(s), place them in an area where they can be checked out by students and returned for future use by other students (e.g., the school library). These special versions can be used from year-to-year as long as they remain in good condition. If and when they need to be replaced, complete another order form or write to us specifying the format(s) desired.

Examinees who will be testing using a regular test booklet may use the practice test included in *Preparing for the ACT*. This booklet also includes a large type (18-pt.) sample writing prompt. Students can obtain this booklet from their high school, by downloading a PDF version from www.actstudent.org, or by writing to ACT Registration, PO Box 414, Iowa City, IA 52243.
